I have two points of grievance, 1-- you wanting to move the vote on taxes to May. It's simple, DON'T DO IT!! We are tired of the burden to pay for a bloated government that no longer governs to the benefit of it's constituency. And also leave the Kicker Tax alone. It's incredible the amount of wast of tax dollars we keep hearing about. 2-- In regards to our gun rights? These blatantly unconstitutional infringements will not and can not save any lives in regards to your unproven and unprincipled claims, The question is, are you a governing body under Constitutional restrains or a bunch of uncouth tyrants? I was apart of the volunteers that gathered names to move the tax proposal to a vote of the people and I heard from a lot of democrats that were NOT happy. One of the reasons people live where they do is affordability and when they can no longer afford it they move and more revenue is lost, and that also includes our unalienable rights. I'm not the only one looking at Idaho. So? Whats your intent? Govern to the prosperity of Oregon or victimize by legislation?
