Measure, Appointment or SB1599
Topic:

I am one of the 250 Thousand tax paying citizens who opposed the tax grab signed into law by Tina Kotek. Now she has her minions further subverting the will of the voters by trying to ram this travesty tax increase thru in May- thru SB 1599. Our elected legislators should be aware that this is supposed to be on the November ballot- right next to the names of those who rammed it thru in special session 2025. I oppose this move to separate the tax hike from those who approved it and are up for re election. If it's so necessary they should be proud to be associated with it. No, let's vote it out in November, along with those who rammed it thru.

Most Sincerely,
Janet F Ziedrich
