I have been voting all my life and the older I get the more blatant corruption I see in Oregon Government. This is another sign of it. Oregonians worked hard in a short time to get this on November ballot. I see no reason to postpone it.

Oregonians will be watching ,who voted for this and may make a different choice next election. I know I will and a lot of my friends around the State will also.

We will see who will really stand for the people
