Topic: SB1599

I am strongly opposed to this referendum petition. The number of signatures received on the petition to have this decided on the November ballot should be enough of an indication to the current politicians that the people of Oregon DO wish their voices heard. Moving this issue to May's election appears to be yet another attempt to not allow the majority of Oregonians to have their say. Please stop trying to decide these tax increases by yourselves as politicians and allow Oregon citizens the best opportunity to be heard and counted.
