Measure, Appointment or Topic: SB1599

Please follow the Oregon State Constitution that clearly allows voters to express their support or non support of potential bills that may become law. The transportation bill is a boondoggle. Poor administrative oversight of ODOT has been an issue for many years. This is unacceptable.

Burdening hard working Oregonians with with additional fees amounts to the “easy” way out of the financial morass that has been allowed to fester for years..and I believe this occurs not just with ODOT but most governmental agencies. LEARN to manage our tax revenue in a responsible manner and STOP playing this silly games (delaying bill signage to thwart the public will, requesting that SB 1599 be delayed until the primary election, even attempting to repeal the bill to help the Governor in her quest for re election). Please WAKE UP to the fact that the legitimate voters of this State see through your political gamesmanship. Enough is enough!
