Measure, Appointment or Topic:	SB1599

This measure SB 1599 is a direct attack on the 250,000 signatures that referred the No Tax to be on the General Election Ballot in November. Putting it on the May Primary Ballot is a typical move to subvert the will of the voters by using the least voter involvement. The Transportation Tax was ill conceived and was not supported by the Majority of Oregon voters. If you do this it will be challenged by the majority and possibly by courts. Remember who you are responsible to. Not the Governor or your party leadership, but the Oregon citizens that voted you in and can also vote you out. I was a petition signature gatherer and did so to get it on the November Ballot so all of Oregon could be represented, not the separate parties voting in the Primary in May.
