Measure, Appointment or  
Topic: SB1599

Everyone knows that moving up the date for voting on this measure is to increase its chances of passage.

I can't afford higher gas prices to pay for anything that Oregon's government has planned.

A few years back Oregon got "rent control". Since then, my rent has gone from under \$1000/month to over \$1500/month (all within Oregon's law).

This measure is just another way to sneak higher tax into my life and I won't survive it.

This measure will guanrantee that Oregon goes down the same path as California (mass exodus of business and jobs).
