Measure, Appointment or
Topic: SB1599

As a life long resident of Oregon, I am strongly opposed to SB1599. This thinly veiled attempt to move a significant issue to a lesser election turnout date smacks of rank political manipulation.

I feel the issue of state funding, budgeting, is important enough for our leaders to hear from the largest potential numbers of voters, i.e., the fall election.

A secondary impact of moving this measure ahead is the potential negative impact on other issues on the May ballot, particularly local levies and other issues that are closer to home.

I urge you to not allow SB1599 to move ahead.
