Measure, Appointment or Topic:	SB1599

I disagree with moving the date to May. To whom it may concern, SB 1599, I am a disabled person that relies on my car and to raise taxes on gas, dmV registration, etc puts a real strain on my disability, our state is making impossible to drive anymore with all these taxes, you are not taking into consideration what this is going to do to people, no more taxes, our state should be audited to see where all these funds are going, and stop using cheap materials to fix our roads, stop with the bike lanes, curbs, we already have curbs that accommodate, back in the day our roads were cement, those were the best roads and lasted forever, we still have roads that are in good shape, just stop the taxes, send this to the November ballot and let the people decide.
