Strongly opposed to moving this to an earlier election. As the Govenor knows, it will be very difficult to gather enough signatures to put together arguments in favor of repealing the 4.3 BILLION dollar tax scheme. In the midst of finding so much fraud and waste in other states, we now have government that circumvents the law by slipping in a much opposed bill in an earlier election. This must be run through the November election so that the people can have a voice in their government.
