Dear Governor Koteck,

I am opposed to your new gas tax bill!!!

I do not agree with you pushing SB 1599 through the system to fast Track your \$4.3 Billion Dollar gas tax from the November Ballot to the May Ballot it is unacceptable! You need to keep the vote in November when the majority of people are looking to vote on new bills. Spending more tax payer dollars to created a Special Joint Committee to FAST TRACK your bill through the process is unacceptable. You are already aware that the majority of us do not want this added tax nor can we afford it. Passing taxes and using the money for the less fortunate only creates more less fortunate. I am a senior and am on a fixed income. I respectfully suggest that instead of raising tax on gas you reduce the amount of money (tax payer dollars) that you are spending for healthcare for noncitizens.

Protect the senior citizens, those on a fixed incomes and the working glass and do not raise taxes!

Respectfully,

Darlene Feiereisen
