Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

I strongly oppose SB 1599. The voters have the right to vote on this referendum during the November election as originally stated by the Secretary of State. The only reason why the leadership is trying to move this to the May election is so that they do not have to be on the same ballot as the referendum. They know the referendum will not pass and if it is on the same ballot as they are they know that they will not be re-elected. The people have spoken loud and clear they are done being over taxed. I urge all senators to vote NO and not even move it out of committee. SB 1599 deserves to die in committee.
