Topic: SB1599

The voters signed a petition stating that this would be in Nov. To change this is against everything democracy stands for. Democrats say Trump is the oligarch. But the actions of the Democrat party proves who rules by oligarchy. What name you give a tree does not define what type of tree it is. Its the fruit that tree bares that proves what type of tree it is. The fruit of the democrat party tree is 100% poison to the will of the people you claim to represent.
