I am against changing the date this referendum is to be voted on to the May election.

Legally it should be on the November 2026 ballot for the mid term election, and should not be changed. The November election will get far better voter turnout from all political parties in the State so the results will be more representative of all voters sentiments.

This sneaky attempt at thwarting the will of the population is standard , one party rule, arrogance that needs to change in Oregon.

Elected officials need to unanimously reject SB 1599!
