On Behalf Of:  
Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or  
Topic: SB1599

To whom it may concern;

There is only one logical reason for the creation and introduction of this measure and that is to subvert the will of the people of Oregon. If this was not the case then there would be no need to try to rush an under the radar vote and introduce this measure at all. The committee members are elected and serve at the will of the Oregon voters, it is your duty to represent them and their position and if enough Oregon voters petitioned successfully for a referendum then this alone is enough to oppose this measure. This measure is nothing more than an attempt to undermine the democratic process and save a doomed piece of legislation that the people of Oregon clearly do not want. If you truly believe in the democratic system and take your oath of office seriously then you have only one clear choice and that is to oppose this measure.

Concerned Oregonian Voter,

David Nelson
