2026-302

Measure, Appointment or
Topic: SB1599

I do not agree with voting dates being moved on this matter. Moving the dates prevents the people's voice being heard for the circulating petition. Many Oregonian's have an opinion on this gas tax and the current Govenor is not listening to the constituency on many issues. Let the people voices be heard and stop playing games with our laws. We are not all from Portland and should not be represented as such.
