Measure, Appointment or Topic: SB1599

As far as I am concerned, the Democrat progressive left-wing socialist party in the state of Oregon has slowly but surely been turning to criminality. We had a vote via the referendum that we would vote on 1599 the day of the election in November. It was specifically okayed by the Secretary of State. If this thing changes then we need to set to work, removing the governor and just about everyone else that gets in our way. We are fed up out here with a legislature and a governor and even past years that ignores the public opinion that we vote upon and decide that we just don't understand. So the legislature and the governor change it. You've done this too many times in the many years that I have been here. If you change this then we know you are criminals and you are absolutely in violation of our own laws. Tina Kotek is proving that she is not worthy of being a governor. She belongs back in New Jersey or Chicago or someplace where they get away with this stuff all the time. This is Oregon and we put together 250,000 signatures to put it on the ballot this November and that by God had better be what happens or a lot of us are going to be writing checks and trying to figure out how to put a whole bunch of you. prison. If we vote on this primary election day and you lose again, we all know that you're going to pull something illegal and disgusting at the last minute. You guys are all as corrupt as Merkley and wydenar. When it comes to treating us as decent citizens who pay our taxes. We don't need to get rid of sanctuary, State and sanctuary cities. We need to get rid of most of you is what we need to do
