we don't need anymore taxes we need a new straight governor like the honorable christine drazan who won't cheat oregonians out of there hard earned money like the lying money hungry dishonest democrates like kotex and ron wyden there crooks living off hard working real amercians that are tired of paying to feed & clothe illegal aliens by raising taxes while illegals get free health care/ free rent / free money/ free schooling /free cars and in some cases/ free houses/ while real americans can't afford to buy there own home. while illegals are getting special preference over veterans and real country loving americans and one more thing i'm a united states army vietnam veteran and i feel dishonored watching all of these illegal mexicans driving around in a newer car than i can afford and flying the mexican flag this is america not mexico and it should be illegal to fly any flag other than the amercian flag
