

Submitter: Mary Walker

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I, Mary Walker strongly oppose the bill 1598 because I have a son who has suffered from vaccine injury. We moved from California to Oregon to seek a state that would allow him to attend public school with an exemption. He started kindergarten this year and LOVES school so much. Forcing a mandate on vaccines for public school attendance is truly a form

Of discrimination. He can't help he has bad reactions. If you choose to pass this bill my son's entire education will be altered. We will also have to move again. Leave the decision in the hands of the physicians and the parents.

Thank you.
