Measure, Appointment or SB1599
Topic:

This bill is a blatant attempt to remove the voice of the people of the State of Oregon and change the law . We the people of Oregon oppose the overreach of the governor and legislation on the proposal for SB 1599. This proposal removes fifty percent of the votes that would vote on the general election and potentially cause catastrophic harm to the people.

My wife and I are living in rural Oregon on our Social Security of only \$2170.00 per month. This leaves us at a deficit every month with rising costs every month and with more added will prevent us from meeting our scheduled medical appoints and/or being able to pickup prescriptions and food.
