

Submitter: Larry Lancaster
On Behalf Of: myself and my children
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: SB1598

Everything is wrong in this bill !!

- 1) Unchecked Authority: Grants broad power to unelected public health officials to make decisions affecting all of us, without further legislation or public debate.
- 2) Automatic Mandates: Clears the way for vaccine requirements to affect access to schools — without another legislative vote.
- 3) Forced Compliance: Invokes statewide one-size-fits-all medical orders without individual consent
- 4) Taxpayer-Funded Mandates: Compels insurance companies and taxpayer-supported public programs to pay in full for vaccines and health services
- 5) Overrides Doctors: Removes ability of doctors to make decisions in the best interest of their patients.

When power and decision-making is centralized and accountability is eliminated, parental choice, medical discretion, and informed choice are weakened.

I strongly supports Medical Freedom Individual Choice & Parental Rights concerning the medical interventions which impact their children & themselves.

Please do the right thing and VOTE NO on this bill !!
