This bill needs to be on the November ballot. It needs to be on the ballot with the leadership that put this bill together and tried to force it through against the will of the people. If the money is that important, find it elsewhere. Instead of spending millions on upgrades to the govenors mansion or the billion spent every year on illegals and trying to keep Oregon a sanctuary state, or even the millions spent trying to fight the Trump administration in court. If our leadership cannot be more financially responsible, there is no reason they shouldn't be held accountable on election day. So stop trying to force this through on the primary ballot and take responsibility for your actions.
