Measure, Appointment or  
Topic: SB1599

This measure affects all Oregonians, and we all have the right to vote for this. We have exercised our legal right to put it to a vote even with Tina Kotex trying to block that right. Please do not move it to try undermine our rights and push through another tax on already struggling citizens. ODOT needs to have a complete forensic audit to determine where all the tax dollars are going and redirect that money back to the roads and highways of this state. Just yesterday hiking in the Gorge I found stacks of steel pipes in one of their dump sites rusting away. It had to be tens of thousands of dollars' worth of steel paid for by taxpayers just rusting away. This is just one tiny fraction of the waste at ODOT. Do not vote for this bill.
