Topic: SB1599

This effort by the Governor, and all who support her, is nothing less than Piracy! I'd like to remind all of you that YOU WORK FOR US, the taxpayers of Oregon! If you think that going against the express wishes of this vast majority of voters opposing the attempt to move this measure to the primary ballot, I would remind you that each and every one of you will need votes to survive politically! I will oppose this and any such efforts that treat us as subjects to your dominance, and wish you reap the seeds you sow. We will see who controls our state, you or the voters!
