Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or  
Topic: SB1599

This was stated on the petition it would be put to the people for a vote in November. Not to be manipulated by political parties for their gain. The budget has been worked out by the Governor and there is no need to spend extra money to move this to a special session. It is just a waste of tax payers funds to game the system. It was originally stated as an emergency and the the Governor delayed signing the bill. If it it moved to this session, it will show the citizens of Oregon how much political manipulation is in play for favoritism when we've seen it so much with this already.
