This is unreal that our government that is suppose to support our best interest, imposes a tax without the public having a say. Then when we block it to make sure we get a voice in the process, you again try to circumvent us by moving the vote to a time that you feel is more favorable to you agenda. Our Oregon government can sit here and complain all they want about Trump policies and actions that I in no way support. But then you are willing to turn around and do stuff like this, to also try and go around the public that YOU respresent, is no better. We asked to have a voice in this, you said no, we fought, we won and now your still pursuing going around us. That will be remembered during election time. Please use common sense and do not pass this bill.
