Committee: Joint Special Committee On Referendum Petition
2026-302

Measure, Appointment or
Topic: SB1599

The petition signed by Oregonians was for this ballot measure to be included in the 2026 General Election in November, not the primary election in May. This is an underhanded and blatantly corrupt attempt to subvert the will of over one hundred thousand Oregonians who signed the petition. If this is approved, it will disenfranchise those who would not realize the ballot measure is included in the primary election since what they signed indicated it would be included in the General Election. It should be unlawful to change it.
