Committee: Joint Special Committee On Referendum Petition
2026-302
Measure, Appointment or
Topic: SB1599

I oppose this measure and any other effort to move the referendum to the May midterm election. I signed the petition with the intention and understanding that Oregonians would have the opportunity to vote on the measure during the November general election when voter turnout is historically higher. To move the measure to the midterms is a direct response to suppressing voter opposition to the Governor's illegal proposal. The country is watching closely to see how our state government reacts to the will of its citizens. The integrity of Oregon elections is at stake. Listen to your constituents who oppose this taxation plan and vote "NO" on SB 1599.
