Legislators,

One very inconvenient day, I stopped at a stand to sign petitions. It made me late for work so why did I do this? Because it so was very important to me and for our State. The people of Oregon took a stand and said enough is enough. Tina Kotek you are an evil woman. You played with Oregonians hearts and wallets, but I know you aren't doing it alone. We the people—your constituents—gathered triple the amount of signatures for this referendum to be on the November ballot. We followed the law unlike yourselves. Please allow this to continue to be on the ballot in November and let the people have their voices heard. Thank you.
