If the amount of signatures that were brought before you saying we want to vote on this in May wasn't loud enough, please hear our voices now. Do not move this vote to November, keep it in May where we intended it to be. We are tired of the underhanded ways that our state is being ran, and we will be standing up for our rights more and more as time goes by, it would be best for you all, if you would like to keep your position's in our State government, to learn to listen to your constituents, the people of Oregon. Your job is to speak for us, it is time to do that now
