Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

To Whom it May Concern,

Here we are again submitting testimony to, hopefully, block SB 1599.

We the people were loud and clear last Fall that we DO NOT want higher taxes, yet, Governor Kotek and certain members of the Oregon State Legislature are, once again, trying to ignore our voices.

The referendum must be on the November ballot, as state law requires. I do not understand this new push to put it on the May ballot. I, for one, am fully opposed, and I will be watching who votes for this travesty and encouraging people to vote you out of office at the appropriate time.

Oregon was once a proud state, now I am embarrassed to tell people where I come from because of many issues such as this and the complete lack of common sense the majority of our elected leaders possess.

Respectfully,  
Toni Collins
