I'm on a fixed income budget. My income doesn't go up just because the State increases my taxes. The State is trying to "sneak" in a bill that directly tries to thwart the 250,000 Oregonians who signed a petition to get the tax increase proposal on the November ballot. I think it's shameful that our supposed representatives don't understand who they are working for, the average Oregonian, not the elite. Our high taxes are the reason so many employers have left the state, taking their high paying jobs with them.
