I oppose any actions by elected officials to subvert the will of the people. Oregonians have overwhelmingly shown up to oppose more taxes. Our backs are breaking under the existing tax burden and so many businesses have fled our state over this simple issue. How bad does our economy have to get before common sense will sink in and we will stop trying to tax every movement of our citizens?? Do NOT move this referendum forward to the May vote and attempt to game the system by avoiding the majority awareness and voting will. If you claim to want fair open elections, then allow the voting to be open and mainstream and not snuck through subversive means.
