Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

We the people of Oregon per our constitutional rights and by the letter of the law referred this petition to the November ballot. This attempt to suppress Oregonians voices AGAIN is filtering through the population and telling us in a loud, distinct voice "We do not want you to tell us what to do". If you are so proud of your legislation, then you submit this to the most scrutiny that it can stand. Keep this referendum on the November ballot, put your name up against the burden you are subjecting us to. Moving it will only alienate us voters that provide jobs more and the repercussions will be felt in November.
