Measure, Appointment or Topic: SB1598

I oppose SB1958. It would take away the individuals right to health decisions. One of our primary rights. This would allow Unchecked Athority, granting broad power to unelected Public Health officials to makde decisions affecting all of us, without further legislation or Public debate.

It would allow Automatic Mandate, clearing the way for vaccine requirements to affect access to Schools- without another legislative vote.

It would invoke Forced Compliance, invokiing Statewide one-size-fits-all Medical Orders without Individual consent.

It would be Taxpayerr Funded Mandates , compelling Insurance Co.and taxpayer-supported public programs to pay in full for vaccine and health services.

It would Override Doctors, removing the ability of doctors to make decisionsin the best interest of their patients.
