

Submitter: Erin presby

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

When the changes to COVID vaccine recommendations happened last fall, my family was confused and concerned as we navigated new barriers to protection for family and our three children. We tried for weeks to get vaccines for my kids without success, and ended up having to drive out of state to Vancouver.

This bill would help families like mine access vaccines we want for our children without barriers or confusion. Oregon families want broad vaccine access - please support Senate Bill 1598
