Measure, Appointment or
Topic: SB1599

I oppose this Senate bill because it is nothing more than political maneuvering for the party in power to override what the people have already demonstrated they want. These actions show that they do not care about the people they have been elected to serve. They should not be going against and overriding what the people have clearly demonstrated they want. Until it can be proven that our tax dollars are used as intended and not being pilfered or wasted I don't think another dime is deserved to be entrusted to the care of the current administration. What has been going on in this state is unconscionable. This lack of responsibility in following the laws of this state contributes to the distrust of the citizens. Leadership must wake up and start doing the right thing. This state is being taxed so heavily many people cannot afford to live here anymore. Our cost of living continues to rise with no slowing in sight. We need relief from these taxes. The money that we work hard every day to earn to try to keep a roof over our heads is not your personal bank account to use as you see fit.
