I am a second generation Oregonian, this is not the Oregon I grew up in. Governor Kotex and the Democratic Party have made our state is unrecognizable from the state we use to have. Now Kotex and the Dems are once again trying to subvert the will of the people by placing the bill on the May ballot so it does not appear on the same ballot as their reelections. The state needs to use our tax dollars to benefit the citizens of Oregon not the illegals and not their pet projects. We the tax payers of Oregon are tired of where our taxes are being spent. We need accountability. Our gas taxes should go for our roads not bike paths, EV charging stations and other pet projects. Many of my friends and associates feel the same.
