2026-302

Measure, Appointment or
Topic: SB1599

To whom it may concern.

I oppose SB1599.

I signed the petition. as a registered voter, to vote in November on the transportation tax and fee increases. This move to May doesn't make sense since it has lower turnout for voters.

The petitioners and secretary of state confirmed the date on the petition as to when we get to vote. It is continually disappointing that our legislature doesn't have any respect of the law but expects this of their citizen. Due process when submitting a petition with a specific date should be adhered to.

Do the right thing for Oregonians! We need a say.
