Measure, Appointment or Topic:	SB1599

I oppose Bill #SB1599. Do not change the voting date on the transportation ballot measure. There is no pragmatic need to change the date or establish an "Emergency". This bill only represents political game playing and I am tired of the games.

This bill is an insult to the 250,000 Oregonians who made the effort to sign the referendum and a clear sign that the voice of Oregonians is irrelevant. The fact that SB1599 exists speaks volumes about the disfunctionality of our state leadership and highly disenfranchising.

Quit wasting our time and money with political agendas and gamesmanship. Get to work on making Oregon leadership effective and efficient.
