

Submitter:	John Woods
On Behalf Of:	The voters of Oregon
Committee:	Joint Special Committee On Referendum Petition 2026-302
Measure, Appointment or Topic:	SB1599

Apparently in Oregon we now have Kings, Queens and power hungry tyrants, masquerading as State legislators. Remember Democrats you wanted this, you voted for this tax every one of you. Instead of resisting you fell into line when Tina cracked the whip. Now you face the problem your vote created.

The petition sheets are dated with November 3, 2026 and that what we signed not a May primary date. I signed and expect that the petition for the referendum will be on the November ballot. This problem exists because Tyrant Tina forced a Special Session vote. Even dragging in a very sick individual to succeed. Is this really what you want? Is this how you want to be remembered? A weak lying Democrat politician who didn't have the courage to say NO to Tina!

If you want to get out of this Tina created mess vote NO on SB1599. If you want to exacerbate the damage you will reap. Then keep following Tina. Your office is on the line and 250,000 people already said NO. Are you sure you want to give them the middle finger again?
