Elected officials need to stop ignoring the citizens of Oregon. They are not looking out for the will of the people and are selfishly pushing through their own addenda. We petitioned, after Oregonian officials drug out the process to shorten the time allowed to petition, and we want a vote. Oregonians, and the American people, are tired of the bullshit we are put through by politicians. You work for the people and you need to get that through your thick skulls. There is an obvious switch in mindset right now that has people like Oregon's leadership frightened (hence their dirty plays like this). Start working for the people or start getting voted out of office. You are already seeing businesses leave Oregon. Stop ruining this state.
