On Behalf Of:

Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or  
Topic: SB1599

I oppose SB 1599 and urge the committee to vote against it. The people of Oregon deserve to decide on these taxes during the high-turnout November general election, not in May. Important financial decisions affecting all citizens should be made when the most voters are participating. This is an improper and manipulative way to influence the voting on the gas tax bill that we fought to have the right to vote on due to the Governor's greedy and improper use of her power to excessively tax Oregonians. It is wrong to change the election date on using SB 1599. You are all not listening to the people who employ you and who voted you in. You can also be voted out. Start taking care of Oregonians and not using us!
