Topic: SB1599

I oppose SB1599 being moved from the general election to the primary. Signatures were collected with the intent to vote on this bill in November. It is sickening that lawmakers are trying to lessen these voices in the primary election. I am native to OR and I am tired of the politics party that has the majority and always gets their way. People have had enough and will continue to organize to make our voices heard and count in the future of Oregon.
