

Submitter: Billy Chatfield

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I oppose this bill that allows unelected individuals to make my medical decisions.

Medical decision making should remain between a patient and their doctor.

Public trust in government agencies erodes when there is no transparency or choice.

Medical decisions should not be coerced. This is a government overreach that will cause harm.

I urge you to oppose this bill. Thank you.
