Measure, Appointment or  
Topic: SB1599

Dear Representatives,

I am an active Oregon voter and would like to request this petition be placed on the ballot for approval or rejection the election listed on November 3, 2026. I find it quite disingenuous that the working class in Crook County (who this tax raise would impact the most are being excluded from having our voices heard). This is indicative of why Crook County voted for and passed the "Greater Idaho" measure...because conservative Oregonians who live in rural regions of our state...don't have a voice! Seemingly more and more, conservatives as a whole aren't being heard in our state! Our state is currently being ran by a UNI-Party! I have close to \$500.00 taken out of each paycheck (every two weeks)...making it so I am forced to live paycheck to paycheck...and as if that wasn't enough, when I filed my taxes with the IRS, they said I owed approximately \$1,700 more. I didn't have it, so I had to make payment arrangements due this April, of course with healthy penalties and interest added! I have been forced to go without my supplements that I take to relieve my Tinnitus symptoms (which can sometimes make it so I don't sleep well). Just so I can save enough to pay this tax bill! I will be posting this information on the local information social media in our town to increase awareness to others in Prineville (Crook County) who want their voice heard on this matter! The working class of Oregon are people too with valid opinions and the right to voice them!

Sincerely,

Robin Webb
