Committee: Joint Special Committee On Referendum Petition
2026-302

Measure, Appointment or
Topic: SB1599

The people who signed this petition want this on the November ballot where it will receive more attention and more participation from the general voting population. Everyone knows that many voters ignore primary ballots, especially those who are not registered under one of the parties participating in the primary. There is no reason to rush the vote to May. Leave it in November.
