

Stop the nonsense.

We do not want the tax hike vote to be moved to May. I understand that if you, our liberal democrat government, elected by riotous Portland and follower city Salem want this because you know fewer people turn out to vote in May. The majority of Oregon's citizens know that we don't want a tax hike – we voted against it last year only to have it shoved down our throat again by elected officials representing special interest groups over Labor Day weekend. Now, we have the signatures to refute it AGAIN, this November.

Follow the Law, stop the Nonsense, keep the vote on the November ballot. Stop propogating the kotek insanity.

Stephen Burke
