I guess I must of misread the petition. I really thought it said it would be on the November ballot. I read it twice and never saw anything about May. You all know exactly what you're doing. I thought you were all supposed to represent the PEOPLE but I see this is no longer true. You guys talk about how bad Trump is maybe you need to look in the mirror. You still have time to make this right by the people. If not then I want documentation on every Senator and Representative that voted on this.
