SB1598

I am totally against and oppose SB 1598, which is totally against the Constitution. Where by the 14 th amendment protects one's right to make my own decision about medical care. We do not need the state of Oregon dictating to patients and doctors a medical decision and their right to privacy. Nor does there need to be anyone trying to declare an emergency in this capacity. OHA has already proven they cant be trusted especially since their false statements during Covid, including false statements we all know concerning those vaccines.I urge a No vote on SB 1598 as you can think for yourself about medical decisions regarding your own body. I don't think any of you want a dictator telling you what you can and can't do when it comes to important decisions regarding your health. THANK YOU Nikki Hoffman
